

# REGIONAL PARK AND OPEN SPACE DISTRICT Policy and Procedure Manual

2.1

Establishing Park and Park Facility Names

## I. POLICY

The District Advisory Commission will be responsible for recommending names of parks to the Board of Directors/Supervisors. Staff will be responsible for encouraging public input and researching natural, geological, and historical features that may be used as a basis for establishing names.

Significant contribution toward the acquisition, development, or protection of a park or park facility may be a basis for considering an individual's name for a park facility, trail, or use area; the contribution may be in the form of financial support, land, or dedicated and successful effort in the support of a cause or issue identifiable as being in the interest of parks, recreation, or the environment.

## II. PURPOSE

To establish a uniform and consistent method of establishing park and park facility names.
